Module Lead	Module Name	TesterName	Fields	Test Cases	Who Resolved
Abdul Raheem	AddMovieForm	Farhan	**Add Movie Form** Title: Genre: Release year: Ratings: Notes:	It should not take any negatives values It should not take any negatives values It should not take any negatives values It should take only 150 to 300 characters Please use placeholder to every field	Abdul Raheem
Farhan	MovieList	Nidha	**Movie List** Title: Genre: Year: Ratings:	Title is going beyond the card. The card size changes (w.r.t title) In language and Genre the first letter should be capitalized. (standardize the letter) while coming back from detail page, the list is been refreshed(eg. if we filter for genre , (drama) that list itself should be there, but the list is been refreshed)	Farhan
Umair	MovieDetailsPage /Ratings	Mukthar	**Movie Details** Title: Genre: Year: Ratings: Notes: Added: EDIT / DELETE	not able to submit ratings in moviedetails page Movie details card overflows on long text Don't exceed the text out of bound	Umair
Mukthar	Edit/Delete	Umair	**Edit** Title: Genre: Release year: Ratings: Note:	1) No minimum and maximum criteria , Accepting symbols , null and blank value. 2)Accepting null values. 4)Accepting single integers ex:1,12,134 , Also accepting more than 4 integers as years 5)cannot remove all ratings. 6)No maximum words or texts criteria.	Mukthar
Priyanka	Filter	Raheem	**Filter** All Genres	Filter by Genre No Filter for Language and year	Raheem
Nidha	Sorting	Varsha	**Sort** Title A-Z Title Z-A Year Ascending Year Descending	error:- while A-z sorting we are getting numbers first not alphabet	Nidha
Varsha	Search	Ayesha	**Search** Title Genre:	search => not fetching the related word fetching only the starting words	Varsha
